Description

This home organization franchise focuses on helping home and business owners become more organized. This business features a tangible product, designs and installs custom storage solutions in their closets, garages, pantries, home offices, laundry rooms and commercial locations. No inventory along with low employee requirements allows an owner to get into this business for a fraction of the price that the competition offers. Large protected territories promote scale and equity growth within the unit. This business is great for candidates who want to be heavily involved and have a minimum number of employees as well as for the empire builder who wants a management role and growth potential.
